(b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.

Letters were mailed to the Sheriff of Fayette, Moultrie and Shelby Counties informing them of the FCC mandate for 9-1-1 dialing and requested their attendance at a workshop coordinated by the Illinois Commerce Commission and the Illinois Telecommunications Association. The workshop was held in Springfield, IL on March 5, 2002. Each county was presented with a copy of the FCC 5<sup>th</sup> Report and Order, ICC 911 Status Report, Glossary of Telephone Company Terms, 9-1-1 Terms, List of Counties not currently receiving 9-1-1 services in Illinois, County/Telephone company boundary maps, Carrier representative contact numbers, Telephone Company exchange list indicating number of customer access lines per exchange not currently covered by 9-1-1 service and a Resource List of web site addresses where further 9-1-1 information may be obtained.

(c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed.

ICTC anticipates completing the translations to 9-1-1 dialing by September 11, 2002 or sooner in Fayette, Moultrie and Shelby Counties. All other counties in the ICTC service area are covered by a 9-1-1 system.

### **Section 3 911 Implementation Problems**

(a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.

ICTC does not anticipate any problems in performing the translations in our central office switches in order to forward a call placed to 9-1-1 to a designated PSAP by September 11, 2002.

(b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.
